Founded in 1994 and sustained through the dedication of its members and volunteers, El Museo Cultural de Santa Fe is a center of Hispanic culture and learning dedicated to the preservation, promotion and enhancement of the art, culture and living traditions of Northern New Mexico.

Seeking to create an understanding of historical as well as contemporary values of Latino consciousness, El Museo cultivates a cultural knowledge base that includes the arts, language, history, literature and family traditions and while we partner with the larger multi-cultural community, we convey our Hispanic heritage into the future.
